SERVICE DELIVERY, CUSTOMER SUCCESS & PROFESSIONAL SERVICES EXECUTIVE

Customer-facing technology executive with 20+ years leading professional services, customer success, support, sustaining engineering, technical operations, and global service delivery. Built services portfolios generating \$140M+ growth, owned P&L at \$20M revenue with >40% net profit margins, and transformed underperforming service organizations into profitable, high-accountability operations. Strong background in customer-facing executive relationships, escalation recovery, delivery methodology, support-model design, and the use of AI to improve support and service operations.

CORE STRENGTHS

- Professional services, customer success, support, and service delivery leadership
- P&L ownership, margin improvement, utilization management, forecasting, and delivery economics
- At-risk project recovery, executive escalation management, customer retention, and satisfaction improvement
- Sustaining engineering, technical operations, DevOps, hosting, and mission-critical support
- Tiered support organizations, pod-based technical-operations models, and 24x7 global delivery
- Enterprise software implementation methodology design and packaged services development
- AI-enabled support operations, self-service, automation, and workflow improvement
- Practical AI adoption across support, maintenance, troubleshooting, and customer-facing workflows

PROFESSIONAL EXPERIENCE

Oliver Wyman (Oliver Wyman Labs)

Senior Director of Technical Operations and Sustaining Engineering | October 2016 – February 2021 | Boston, MA

- Built and directed global organization encompassing Sustaining Engineering, Customer Success, tier 3 Technical Support, DevOps, Hosting, and Business Operations serving Fortune 500 clients with custom-built customer-facing applications
- Mission Statement: ensure that customers are delighted, applications are stable, contracts are profitable, and application development teams are free to focus on new business.
- Owned P&L generating \$20M annual revenue with >40% net profit margins
- 100% support, maintenance and hosting contract renewal rate
- 99.9% uptime for mission-critical customer-facing applications
- Served as senior escalation point for strategic implementations and at-risk projects
- Managed executive relationships at key accounts and partnered with client CTOs and CIOs to align technical operations with business goals
- Implemented DevOps practices, CI/CD automation, and monitoring frameworks reducing deployment cycles by 60%

Lavastorm

Sr Director Global Support and then General Manager RA Division | January 2014 – August 2016 | Boston, MA

- Inherited dysfunctional customer support organization losing \$1M annually with poor customer satisfaction and executed a complete turnaround
- Achieved 30% EBITA profitability within 9 months through methodology refinement, process optimization, and operational discipline
- Doubled new license sales year-over-year while maintaining high renewal rates through improved delivery quality and client relationship management
- Improved customer satisfaction scores by 45%
- Transformed an underperforming professional services organization into a profitable global 24x7 operation
- As General Manager, held full P&L accountability across engineering, product management, professional services, support, and customer success for the RA division
- Negotiated divestiture of the division to Martin Dawes Systems and led diligence, customer transition, and integration handoff

HP Enterprise Services

Global Services Business Manager / Global Program Director | February 2007 – April 2010 | Fort Collins, CO

- Drove worldwide business strategy for storage consulting and support services, generating \$140M services growth over two years
- Structured a professional services portfolio from over-servicing into packaged, value-led offerings
- Developed and deployed enterprise software implementation methodology improving customer satisfaction, delivery timelines, and service quality
- Coordinated 1,100+ consultants from 12+ partner organizations for global delivery programs
- Managed revenue forecasting across the organization and coached leaders on delivery and program performance

Marsh McLennan

Global Head of Service Delivery and Customer Success | July 2023 – August 2025 | Boston, MA / Hybrid

- Led global IT service delivery organization supporting 2,000+ applications and 150,000 colleagues worldwide
- Transformed a tactical service delivery function into a strategic C-level Customer Success organization
- Improved operational efficiency by 35% while reducing escalations by 35%; drove 40% improvement in stakeholder satisfaction and business unit engagement
- Implemented automation and self-service capabilities to optimize staff capacity for higher-value work
- Contributed to AI-enabled support operations through ServiceNow ticket routing and knowledge-base integration via MoveWorks

ProStor Systems

Director of Technical Services and CIO | April 2010 – June 2012 | Boulder, CO

- Redesigned a struggling 24x7 global support organization to support rapid growth
- Expanded services portfolio for critical healthcare environments
- Maintained customer-facing executive relationships at key accounts
- Supported M&A activities for the services function during successful company sale

BlueprintAgentic (BlueprintAgentic.ai)

Fractional CIO and Multi-Discipline Engineering Consultant | August 2025 – Present | Boston, MA / Remote

- Advise leaders on AI adoption and operating-model change across multiple AI platforms
- Design AI-based process integration patterns across operational systems, including customer-facing chat-based discovery, recommendation, and engagement
- Use an agent-first operating model for support, maintenance, troubleshooting, root-cause analysis, and system configuration

Mill Town Agriculture

Chief Executive Officer and Founder | March 2021 – July 2023 | Holyoke, MA / On-site

- Built a technology-centric operating environment from concept to revenue, including CRM, ERP, automation, and monitoring across cultivation, manufacturing, and retail
- Led strategic turnaround, refinancing, and leadership transition while maintaining company viability

Dell

Chief of Staff - Managed Deployment Services Business | November 2012 – January 2014 | Denver, CO

- Managed operational processes for a global services team, including staffing, forecasting, resource allocation, and performance management
- Developed and launched Dell Agile Consulting, growing revenues by \$20M

EARLIER CAREER
