FOUNDER, TRANSFORMATION & GENERAL MANAGEMENT OPERATOR

Builder and operator with 25+ years spanning company formation, business-unit leadership, technology strategy, product-adjacent execution, service operations, fundraising, turnarounds, and M&A. Has raised capital, built companies from concept to revenue, led business-unit P&L across engineering, product, services, support, and customer success, and repeatedly stepped into ambiguous situations that required both technical fluency and commercial judgment. Adept at applying technology in support of operations, with a current emphasis on AI and other modern tools. Most effective where a company needs someone to build, reset, modernize, or reposition a technology-enabled business.

CORE STRENGTHS

- Founder-style operating leadership and broad-mandate execution
- General management, P&L accountability, turnaround leadership, and business-model change
- Technology strategy tied to company building, not just internal IT
- Capital raises, acquisition readiness, divestiture, diligence, and transition leadership
- Cross-functional ownership across engineering, product, professional services, support, customer success, and operations
- Startup and growth-stage environments requiring technical depth and operating agility
- Applied AI adoption and workflow experimentation in startup and SMB operating environments

PROFESSIONAL EXPERIENCE

Mill Town Agriculture

Chief Executive Officer and Founder | March 2021 – July 2023 | Holyoke, MA / On-site

- Raised \$9.4M in capital and built a technology-centric vertically integrated agricultural operation from concept to revenue
- Built the operating model, leadership structure, vendor relationships, and technology environment across cultivation, manufacturing, and retail
- Designed and implemented the technology environment for a large-scale indoor agriculture business across cultivation, manufacturing, and retail operations
- Led strategic turnaround, refinancing, and leadership transition when market conditions deteriorated

Lavastorm

General Manager, RA Division (Revenue Protection Center) | January 2014 – August 2016 | Boston, MA

- Held full P&L accountability across engineering, product management, professional services, support, and customer success for the RA division
- Determined the product had reached the end of its useful development lifecycle on current cellular technology and shifted the business model from new development to sales and service in geographies still running older equipment
- Reduced development to maintenance level, reinvested in geographic expansion, and achieved 54% EBITA within 3 months on a steady ~\$12M annual revenue stream
- Personally negotiated divestiture of the division to Martin Dawes Systems and led diligence, customer transition, and integration handoff

Oliver Wyman (Oliver Wyman Labs)

Senior Director of Technical Operations and Sustaining Engineering | October 2016 – February 2021 | Boston, MA

- Founding member of Oliver Wyman Labs, a software startup within Oliver Wyman, responsible for building and scaling key operating functions across the software business
- Operated in a fast-moving environment requiring startup-style execution and enterprise-grade client accountability
- Built sustaining engineering, customer success, and technical support as distinct functions for applications moving from consulting delivery into long-term operation
- Transformed DevOps, hosting, and business operations into a more scalable operating model
- Owned \$20M in annual revenue at >40% net profit margins via support, maintenance, and hosting contracts with 100% renewal rates.
- Led refactoring work that enabled migration of 200+ applications to a fully containerized cloud-native architecture, improving the scalability of the platform portfolio

Lot Hunters

CIO / CTO | November 2003 – February 2007 | Fort Myers, FL

- Served as founding technology leader for a technology-driven property acquisition startup that experienced 20x annual growth
- Built the technology foundation and core proprietary prospecting platform that later became a SaaS application
- Scaled the technology organization alongside the business as it matured

BlueprintAgentic (BlueprintAgentic.ai)

Fractional CIO and Multi-Discipline Engineering Consultant | August 2025 – Present | Boston, MA / Remote

- Provide broad technology leadership to startups and SMBs across strategy, organizational design, budgets, vendor selection, fundraising support, and M&A transitions
- Advise leaders on AI adoption and operating-model change
- Build and test new AI workflows, orchestration patterns, and platform concepts in practical business settings

ProStor Systems

Director of Technical Services and CIO | April 2010 – June 2012 | Boulder, CO

- Modernized the company's global IT and support environment in preparation for 10x growth and acquisition readiness
- Supported M&A activities and services transition through a successful company sale while answering directly to the CEO and board

Marsh McLennan

Global Head of Service Delivery and Customer Success | July 2023 – August 2025 | Boston, MA / Hybrid

- Led a large-scale service delivery and customer success transformation across a complex global enterprise
- Improved efficiency, reduced escalations, and increased stakeholder satisfaction while building stronger operating discipline and leadership depth

Dell

Chief of Staff - Managed Deployment Services Business | November 2012 – January 2014 | Denver, CO

- Served as Managing Director's operational right-hand for a global consulting services division
- Led forecasting, strategic planning, operational reporting, and launch of Dell Agile Consulting, which generated \$20M in revenue growth

HP Enterprise Services

Global Services Business Manager / Global Program Director | February 2007 – April 2010 | Fort Collins, CO

- Drove worldwide strategy for storage consulting and support services, generating \$140M growth over two years
- Coordinated large global delivery efforts and supported M&A diligence and integration during acquisition of four storage technology startups

EARLIER CAREER

NewsEdge - Technical Support Lead | September 2000 – October 2003 Promoted within six months to lead a nine-person support team and improve customer satisfaction and retention.

ESC Medical Systems Ltd - Materials Manager / Interim IT Manager | May 1998 – September 2000 Stepped in as interim IT manager while continuing operational responsibilities.

Regal Auction Service LLC - Business Manager | September 1996 – May 1998 Managed business operations and customer relations for a family-owned antiques auction company.
